The FAB Gallery exclusively supports the research and teaching of the Department of Art. Exhibitions should align with the FAB Gallery mission statement, and they should be considerate of the limited resources allocated to the gallery, such as limited installation assistance, limited tools, supplies and materials, and a small window for gallery staffing as provided by a single graduate student assistantship.

Gallery Mission Statement

The FAB Gallery expands exhibition opportunities for staff, faculty members, and students in the Department of Art at FSU. The gallery serves as an educational tool for continued critical inquiry and experimentation within the department. The FAB Gallery shares the pedagogy of the Department of Art with the broader community in a space that is open and accessible to students from across the university. By embracing experimentation and all the varied media of the Department of Art, the FAB Gallery showcases the creative and educational processes that are fundamental to the department.
