RESERVING | INSTALL ROOM

The installation rooms will have a semester-by-semester monthly sign-up sheet. Any student or groups of students can reserve the use of this space for one week. During reviews, the MFA Director will prioritize use of the common spaces by the special needs of students who cannot properly exhibit the work they have produced in their assigned studio space. Any student who feels their studio will not be adequate to present their work during a major review must sign up for use of one of these common spaces by the deadline on the sign-up sheet in order to be selected and scheduled by the Director.
