‘Residue’

The aftermath of events within our environment, our studio practice and ourselves often linger longer than the events themselves. “Residue” is an online exhibition showcasing graduate students from all visual art disciplines, highlighting the ways our experiences shape us and continue to influence our present. This exhibition encourages you to explore what lingers – joy, nostalgia, anxiety, grief, anger, or otherwise – all of which remain embedded in our lives and identities. This exhibition is for MFA and MA student, and is juried by MFA students, peer-to-peer review. It is an excellent opportunity to see works made by your peers and network for the future.

Modest \$ awards for best in show, first, second, third place.

Deadline to submit works: Monday, October 20, 2025, by midnight MST

Please see **prospectus** for more information.

Click here to apply **APPLY.**

This is an online exhibition and work will be shown on the website: mfaexhibitiononline.org and on Instagram: [@mfa.online.exhibition](https://www.instagram.com/mfa.online.exhibition).
