

SPRING 2021 INTERDISCIPLINARY COURSES:

Scholarly Professional Development

Course	Time/Location	Description
EAP5835: Academic Spoken English for ITAs	Mon & Wed, 3:05-4:20 PM or 4:50-6:05 PM F2F, Room TBD Tues & Thurs, 3:05-4:20 PM Remote	This course is designed to help international teaching assistants improve their spoken English and develop communication and teaching skills necessary in a North American university classroom. The course focuses on both communication of field-specific content as well as interaction with university students.
EAP5838: English Pronunciation for ITAs	Tues & Thurs, 4:50-6:05 PM F2F, Room TBD	This course is designed to help non-native English speakers improve pronunciation skills in order to become more competent and confident speakers of English; it provides learners with an understanding of the phonetic and phonemic structure of English and includes extensive speaking and listening practice. The course helps students develop an awareness of specific pronunciation features of North American English consonant and vowel sounds. Features of English rhythm and stress patterns are also analyzed and practiced.
EAP5845: Academic Writing for International Grad Students	Wed 3:05-5:35 PM Remote or Thurs 3:05-5:35 PM F2F, Room TBD	This course is designed to help international graduate students develop the skills they need to become successful writers in their academic careers. The course covers strategies to organize and develop ideas, navigate word and grammar choices particular to academic written English, avoid plagiarism and properly use citation and reference styles.
EDA6425: Literature Review for Educational Research	Online	This course is designed to guide advanced doctoral students through the research process, including identifying and developing a research interest, refining research questions, and writing a review of the literature.

SPRING 2021 INTERDISCIPLINARY COURSES:

Scholarly Professional Development

Course	Time/Location	Description
PET5216: Applied Sport Psychology	Tues, 11:35 AM-2:35PM F2F, Room TBD	This course focuses on the theoretical knowledge and practical skills needed to design and implement a mental skills training intervention with a client operating in a domain requiring performance under pressure.
PET5222: Cognitive Processes in Sport Psychology	Thurs, 11:35AM-2:35PM F2F, Room TBD	In this course, cognitive processes (decision making, attention memory, etc.) are studied, with an emphasis upon explaining and optimizing sport-related behavior.
SPM5907: Professional Development in Sport	Mon, 6:45-9:35 PM F2F, Room TBD	This course provides an in-depth examination of the sports industry from the perspectives of leadership, personal relations, networking, industry research, and internships. Students conduct industry analyses, interview selected industry professionals, engage with case study research, and produce a personal action plan and portfolio.
SPM6707: Applied Research Practices in Sport Management	Thurs, 1:20-4:20PM F2F, Room TBD	This course provides an intensive survey of relevant research and professional practices in the broadly defined field of sport management. The course emphasizes practical issues related to planning, conducting, and interpreting research relevant to the behavioral aspects of sport. The primary purposes of the course are to provide students with the skills to (1) successfully develop active research agendas, (2) identify sources of external funding, (3) coordinate large-scale research projects, (4) evaluate research, and (5) refine writing and analytical skills.
