- Report of the Speaker

- Thank you for attending the retreat this weekend. It was great to learn from GAU and hear about how they are doing and their future. I have their PowerPoint, which I can share if you are interested. I have formally put in writing the March 31st special session, which will be made public shortly.

Eden and I have been a part of the CRC. The item of interest to us is Amendment 6th, which includes a provision that requires any provision or constitutional amendment changes that impact COGS or its funding to receive 2/3rds approval from graduate students. Thank you to Internal Affairs for meeting before this and for the advocacy meeting after this. If there are any chairs or Vice Chairs interested in Civic Plus, I can help explain how to use it

- Report of the Deputy Speaker for Finance
  - We have 17,536 unallocated, 5,073 in the LSC budget, and \$0 in MSC. For grants, we have \$238 for presentation grants from July-Oct because all remaining funds were transferred to current grant cycles. We still have \$38,924 for Nov-Feb. Presentation grants are wrapping up, and we just opened the March-July presentation Grant cycle, for which we have \$100,000 allocated. We have \$18 for Attendance grants for July-Oct since we transferred all remaining funds to current funding periods. We have \$26,137 for November-February, and our newly launched funding period for March-June has \$24,000 set aside. We have emailed funded organizations that the budget cycle is set to begin soon, and I want to share our schedule with you all. The budget request survey will open on February 10th and close on February 21st. We will hold budget hearings starting on February 26th, which should end around March 4th or 5th. Then, on March 4th/5th, we will begin budget deliberations and determine our final committee budget. From there, the COGS assembly will consider our budget proposal on March 31st. We will also be hosting a webinar on February 11th to answer questions about this process.  
Deputy Speaker for Advocacy Stokes- does a competition count as a conference?  
Deputy Speaker for Finance Bethke- Yes, in most cases, especially for music, but I would need to see the conference for sure.  
Deputy Speaker for Judicial Affairs Balogun- Can someone apply for a second grant if they have already applied for one that is still outstanding?  
Deputy Speaker for Finance Bethke: Yes, if they have only applied for one grant. There is a maximum of two grants per fiscal year.

This bill puts things into code that we do not have now and have done anyway. This was done when we funded the deputy speaker for advocacy's salary. Section 2 handles bills and resolutions in front of the assembly. Clarifies that bills are for changing code and allocating funds. Resolutions are for stating official opinions of COGS, Changes of internal rules, and waiving of rules. Section two also defines the bill signature process. Bill also offers protection of COGS that requires all written agreements to be authorized by the general assembly.
