

# Teaching *about* and *with* Scientific Models: Models Based Inquiry for the Classroom

*A Summer Institute Sponsored by:  
FSU Office of STEM Teaching Activities*

- ❖ Open to teachers of grades K-12.
- ❖ Earn a \$200 stipend as you engage in two days of professional development
- ❖ Learn about Models Based Inquiry as a way to incorporate the practice of scientific modeling into your classroom and improve science learning for your students
- ❖ Use what you learn to develop new standards aligned activities for your classroom
- ❖ Receive materials to help you plan and design your classroom instruction

**When: June 13-14, 2022  
8:30 – 3:30**

**Apply NOW—Space is limited:**
