**** EXTERNAL EMAIL ****

Good morning again.

We reviewed the information. Nothing else is needed at this time. The administrative supplement will remain active through the duration of the parent grant.

Thank you for providing the information on the COVID-related delays. We will add this information to the grant folder.

Lois

Subject: FW: 3R15NR018050-01A1S1: No cost extension
Importance: High

Dr. Tully,

Dr. Ahn would like to request a NCE on 3R15NR018050-01A1S1. Please review the request below and contact me with any questions.

Request for No Cost Extension

Grant Number: 3R15NR018050-01A1S1

FAIN: R15NR018050

Principal Investigator(s): Hyo-Chol Ahn, PHD

Project Title: Home-based Transcranial Direct Current Stimulation for Pain Management in Persons with Alzheimer's Disease

There was several months of institutional research shut-down due to the COVID-19 pandemic, and ongoing COVID-19 related scheduling challenges, including alterations in staffing patterns, intermittent quarantining, and hesitancy among potential participants to attend in-person study sessions. In particular, our target population, older adults with Alzheimer's disease, have been very vulnerable to COVID infection and hence have been very worried about attending clinic. However, COVID vaccination was recently made available to our older patients, so that we can recruit more patients as time goes on. We recruited 17 patients as of 4/2/2021, and we request this study's no-cost extension until the parental study ends. The parent Grant Number is R15NR018050-01A1, FAIN: R15NR018050, Self-Administered Transcranial Direct Current Stimulation for Pain in Older Adults with Knee Osteoarthritis: A Phase II Randomized Sham-Controlled Trial, Budget Period: 08/01/2019 – 07/31/2022, Project Period: 08/01/2019 – 07/31/2022.

Thank you.

Carmen Martinez, MHA, CRA

Subject: 3R15NR018050-01A1S1: No cost extension

Dear Dr. Tully,

I would like to request a no cost extension for 3R15NR018050-01A1S1 (Home-Based Transcranial Direct Current Stimulation for Pain Management in Persons with Alzheimer's Disease) that will ends June 30, 2021. Due to COVID pandemic, I need more time to finish this project. Could I meet you online and talk about it?

If so, I will be available at these dates/times:

3/30 (Tue): 2:30-5pm (CST)
3/31 (Wed): 7-11am (CST)
4/1 (Thu): 7-11am (CST)
4/2 (Tue): 7-10am (CST)
4/6 (Tue): 7-6pm (CST)

Best regards,

Hyochol Brian Ahn, PhD, MSN, MS-ECE, MS-CTS, APRN, ANP-BC, FAAN
